

**M**ason is a shy seven-year-old boy who lives in Appleton. Mason loves to build things with LEGOs, build model cars and ride his bike. Mason's world was turned upside down when he was diagnosed with a brain tumor. Though his physical activity is often limited because of his treatment regimen, his family is optimistic about his recovery and his future.

Mason's medical condition qualifies him to receive a wish and he immediately knew that he wanted to have a LEGO wish experience. Thanks to your generous support, we are able to fulfill Mason's wish with a one-of-a-kind experience at LEGOLAND® in Florida!

LEGOLAND features an interactive theme park with more than 50 rides, shows and attractions, a botanical garden and the LEGOLAND water park. Mason and his family will be driven in a limousine to the airport and then experience their first plane ride ever to Orlando, Florida. They will stay in a private villa at Give Kids The World Village where they will spend a full week forming magical memories. This village is an incredible destination and was created specifically for wish families. There are so many fun things to do each and every day like swimming in the heated pools, playing at the Candy Land Game playground or getting in a round of miniature golf. Additionally, there are special events planned for each day of the week including a pirate and princess party and a Christmas celebration complete with snow and Santa Claus.

Mason and his family will have the opportunity to meet with a Lego Master builder who will spend several hours with Mason and his family showing them the inner-workings of LEGOLAND. He will receive a special behind-the-scenes look at how LEGOS are made and be able to meet many of the people who create the fascinating LEGO displays.

When Mason thinks about his wish he dreams about sitting in a LEGO pool. He chose this wish because he wants to see all of the incredible things that are possible to make with LEGOs. He also wants to see the ocean so Mason and his family will spend one of their free days at the beach.

Mason's wish will be a unique, once-in-a-lifetime experience. He will have the opportunity to spend quality time with his parents and siblings and allow them to reconnect as a family. Thank you for your incredible support to make life-affirming wishes like Mason's come true!
